

TRAINING AND PLACEMENT BROCHURE

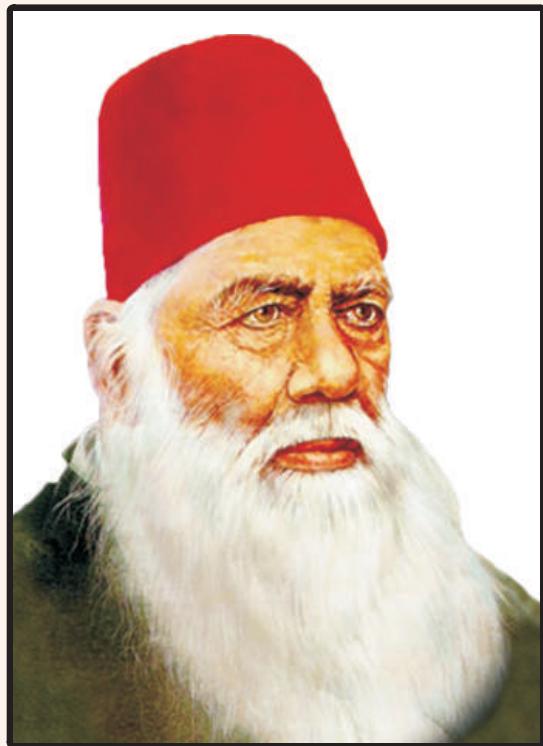

2015-16

Department of Computer Science
Aligarh Muslim University, Aligarh

FOUNDER'S MESSAGE

The purpose of education has always been to enable a man to develop his intellectual powers to the full so that he may grasp the significance of any situation that arises, that he may know the difference between right and wrong and gain the ability to contemplate the divine mysteries of nature. Education should strengthen his character, help him to look after himself and concentrate on the life to come.

SIR SYED AHMAD KHAN

1817-1898

FOUNDER OF AMU

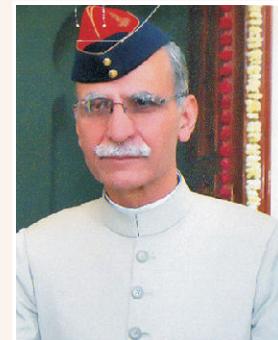

ALIGARH MUSLIM UNIVERSITY

Aligarh - 202 002, U.P., India.

L.T. GEN. ZAMEER UDDIN SHAH (RETD) PVSM, SM, VSM

Former Deputy Chief of Army Staff &
Member, Armed Forces Tribunal
Vice-Chancellor

Phone: (Off) +91-571-2700994/2702167
(Res) +91-571-2700173
Fax: (Off) +91-571-2702607
(Res) +91-571-2700087
Email: vcamu@amu.ac.in

Message

1. It is heartening to note that the Department of Computer Science is Bringing out a Brochure with an objective to showcase the salient features of the Department and present the talents of its students for placement purposes.
2. It is indeed a big achievement that the Department of Computer Science has attained 100% placement during the last academic session. We will continue with our efforts to ensure good jobs for our students.
3. I am sure this brochure will give an insight about AMU and our students to employers, recruiters, and companies.
4. I am confident that our students will live up to the expectations of their employers

Zameer Shah
15/9/15

(Lt. Gen. Zameer Uddin Shah)

ALIGARH MUSLIM UNIVERSITY

Aligarh - 202 002, U.P., India.

Brigadier (Retd) S Ahmad Ali, SM
Pro Vice-Chancellor

Fax: +91-571-2701254 (Off)
Email: pvcamu@amu.ac.in

MESSAGE

1. It gives me immense pleasure to learn that we have achieved 100% job placement for MCA students during the last academic session 2014-2015. Many leading companies have come forward and hired students in significant numbers.
2. It is my conviction that our students have the potential to succeed in life. Great outcomes are possible when they are provided opportunities, support and motivation. We are sanguine about the outstanding placement results for the current academic session. The University administration is committed to support all efforts of the placement of our students well before they step out from the hallowed portals of the University.

Brig (Retd.) S Ahmad Ali
Pro Vice Chancellor

MESSAGE FROM THE CHAIRMAN

Knowledge and continuous learning are the mainstays amongst the best organizations of today. Aligarh Muslim University is reputed for its electric ambience which synthesizes rigorous academics and pulsating social, cultural and sports activities. It has established itself as one of the premier institutes of India known for its history, culture and friendly environment for the bright minds to gain excellence.

Computer science is about learning and understanding the scientific principles underlying every kind of computing system. The foremost challenges that are directly addressed by computer science as a discipline include health informatics, secure-cyberspace, enhanced virtual reality, reverse-engineering the brain and tools for scientific discovery. The problems we tackle as computer scientists are increasingly inspired by big issues facing society, better education, health care, and democracy and better infrastructure for society's lifelines in energy, water and transportation. It is truly an exciting time to be a computer scientist or engineer.

The Department of Computer Science, Aligarh Muslim University facilitates students to acquire specialized scientific knowledge to solve the real world problems and to provide leadership in field of computer science. Our curriculum covers a lot of ground, including theoretical computer science, computer architecture and networking, databases, computer graphics, programming languages, software engineering and much more. To do all this requires a critical mass of talent, drive and place.

The Department of Computer Science, is devoted to produce graduates and post-graduates year after year with a view to expand access to high quality technical education in the field of computer science for young bright minds who continue to be absorbed by industry and academia all over the world who are seeking talent and academic excellence in their organisation.

On behalf of the staff and all our students, I take this opportunity with pride to thank our regular recruiters who have been involved in a lasting relationship with us over the years. At the same time, it gives me immense pleasure and privilege to extend cordial invitation to the IT companies, services and esteemed organisations to participate in the Campus Recruitment Process at the Department of Computer Science, AMU. Please go through this brochure for all the relevant information.

I am certain that our students recruited by you will excel and achieve beyond your expectations. I wish the Campus Recruitment Program all the best and wish all students good luck in their endeavour. We look forward for forging stronger bonds of co-operation and hope will go a long way in paving way for a long-term, fruitful mutual relationship.

Warm wishes and regards.

Prof. Mohammad Ubaidullah Bokhari
Chairman
Department of Computer Science

MESSAGE FROM THE TRAINING AND PLACEMENT OFFICER

It gives me immense pleasure to extend a most cordial invitation to you to participate in the campus recruitment process of the Department of computer Science, Aligarh Muslim University, Aligarh. With an increasing thrust being placed on Institute-Industry interaction, it is my sincere belief that your esteemed organization and Department of Computer Science, AMU stand to gain immensely from this symbolic relationship.

Our department holds the pride of being placed among the pioneers in the field of information technology. Our academic theories and laboratory projects provide ample exposure and strike precise balance of theory and practice. We emphasize on the process of shared and interactive learning which fosters strong partnerships, sparks social participation and makes the education an overall pleasant experience.

At Department of Computer Science, AMU we take care to groom our students according to the needs of the industry. We seek to open frontiers of knowledge and reveal new horizons of change, to broaden mind-sets and to create positive attitude in our students. As a result of it, we have been successful in achieving 100% placement in the academic session 2014-2015. We are confident that the students of current session will also achieve elevation in their recruitment process.

I would like to take this opportunity to thank our regular recruiters who have been involved in a lasting partnership with us over the years. Their support is invaluable and highly appreciated. At the same time, I would like to extend a special invitation to all recruiters who are seeking talent and academic excellence in their organization. I am looking forward for your participation in campus placement process and anticipate that your visit shall begin a promising and ever lasting relationship between the institute and your organization in days ahead.

With regards,

Dr. Tamanna Siddiqui

Associate Professor and Training & Placement Officer

ABOUT ALIGARH MUSLIM UNIVERSITY

The establishment of Mohammedan Anglo Oriental (MAO) College in 1875 marks one of the most important events in the educational and social history of modern India. "An epoch in the social progress of India." - said Lord Lytton as he laid the foundation stone of the MAO College on January 8, 1877. Nearly eight years later, when the noted orientalist Sir Hamilton Gibb characterized this college as the first modernist institution in Islam.

The MAO College was originally affiliated with Calcutta University and was transferred to the Allahabad University in 1885. In 1920, the Act of Indian Legislative Council elevated the MAO College to the status of a central university and it became the principal Muslim institution in India. Section 2(1) of the AMU Act terms the university as the educational institution of their choice established by the Muslims of India.

NAAC RANKING

The Aligarh Muslim University has secured **Grade A** by the National Assessment and Accreditation Council (NAAC), which recently conducted an assessment exercise at the University campus.

The National Assessment and Accreditation Council, in its assessment result of 130 First Cycle institutions published March 3, 2015 after the 5th Meeting of its Standing Committee, has given 3.35 Cumulative Grade Point Average (CGPA) to AMU.

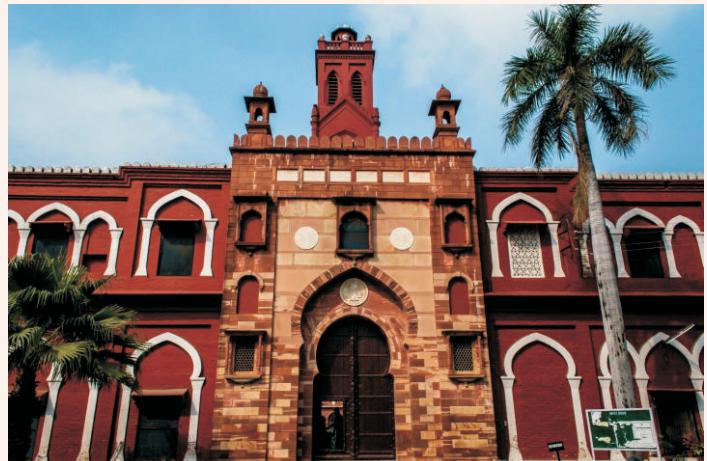

A high profile NAAC Peer team visited the Aligarh Muslim University on February 9-12, 2015 and carried a comprehensive assessment of the AMU on various yardsticks. During the four day stay in University campus, the NAAC team visited different Departments of Studies, Colleges, Centres, Halls of residence, playgrounds and interacted with several quarters of AMU community including students, teachers, non-teaching staff, alumni, parents of students and members of Executive Council and Academic Council.

TIRES HIGHER EDUCATION RANKING

The Aligarh Muslim University has been ranked 9th among the top ten institutions of higher learning in India in a latest survey conducted by the Times Higher Education (THE) Magazine, UK.

AMU has been ranked 90th among the Universities of Asia (Times Higher Education, Asia Ranking 2015).

Aligarh Muslim University is the only institution in Uttar Pradesh to be included in the ranking.

THE PRESENT SCENARIO

At present, the university now boasts almost 30,000 students, 1,400 teachers and 6,000 non-teaching staff on its roll. It has 13 faculties comprising a wide spectrum of academic disciplines, 103 departments and 13 centers. It offers about 325 courses. Besides this, the university has expanded by setting up 4 regional centers at Mallapuram (Kerala), Murshidabad (West Bengal), Kishanganj (Bihar) and Pune (Maharashtra).

Special efforts have been made to improve the research facilities in order to encourage students to enrol themselves in various Ph.D. programmes. Currently, more than 1,500 research students are pursuing the cutting-edge of their disciplines. As a result, AMU has been ranked amongst the top 10 universities in scientific research publications.

MAULANA AZAD LIBRARY

The prestigious Maulana Azad Library consists of more than 1.1 million books on a diverse range of subjects. It also houses reports, conference souvenirs, periodicals and digital content on CDs and DVDs. More than 5000 students, teachers and other members of the university visit the library daily and utilize its resources. Besides this, each department has its own Seminar Library to cater the specific needs of its respective disciplines of interest.

GAMES

The sports activities of AMU have brought acclaim from all corners of the country and beyond. Ghaus Mohammad in Tennis, Mushtaq Ali, Lala Amarnath, Wazir Ali and Nazir Ali in Cricket, Hamid and Mazhar, the Olympians at Athletics and Shakoor in Hockey are the names that will always bring pride to the institution. AMU has a century-old Horse Riding Club where the members have won various prizes in the national level competitions.

CULTURAL AND EXTRA-CURRICULAR ACTIVITIES

The Cultural Education Centre (CEC) is the nucleus for the most of the extra-curricular activities and caters to the cultural environment. It is the base of several interest-focussed clubs like Drama Club, Film Club, Debate Club, Eco Club, etc. which motivate students in social, cultural and environmental issues. A large number of National and International events and programmes are regularly organized by the Centre.

RESIDENTIAL HOSTELS

A Hall of Residence is a cluster of hostels administered by a Provost and a number of teacher wardens who look after different hostels. All inmates are required to dine in the common Dinning Hall, unless exempted by the Provost. The Halls of residence are the centre of corporate life in the University. Each Hall maintains a Common Room with facilities for indoor games, a Reading Room, Library, Sports Clubs and a Literary and Cultural Society. Self-governance by students is encouraged. The Provost and Wardens seek the cooperation and assistance of Monitors and other representatives of students in the administration of the Hall of residence and in maintaining discipline.

There are 19 Halls of Residence and one Non-Resident Students Center (NRSC). (13 Halls of Residence for boys and 04 for Girls)

The University Health Center and Jawaharlal Nehru Medical College provide prompt and effective medical services to the students.

ABOUT THE DEPARTMENT OF COMPUTER SCIENCE

Department of Computer Science of AMU came into the existence in the year 1971 with the installation of IBM1130 Computing System, under the umbrella of Computer Centre and later blossomed into an independent department known as the "Department of Computer Science" in the year 1988.

In the year 1980, VAX11/780 system was purchased from DEC (USA) and installed at the centre, which is one of the first computing systems in India. The approval of two new courses, a three year programme of Master in Computer Application (MCA) and one year programme of Post Graduate Diploma in Computer Application (PGDCA) by the standing committee of the UGC in the year 1982 and the formal introduction of these courses from the session 1983-84, were one of the major landmarks in the development of Computer Science department.

The syllabi for the courses is designed by keeping under consideration the requirement of time as well as the demand of the IT industry. Any department is known by its research work, therefore in the year 2009, Department of Computer Science yet again witnessed a major breakthrough with the introduction of PhD Programme in order to provide an opportunity to the young and enthusiastic IT professional to make vital contribution towards the ongoing IT research and development.

The guidance and cooperation of the experienced and expert faculty of the department is one of its attracting features which enlivens the students to stretch their wings, so that they can fly higher than their dreams and serve the country.

Students from both undergraduate and postgraduate courses have been able to secure a place in the industry even before the completion of their final examinations. The rigorous training of 4 to 6 month, in the leading IT companies and reputed organizations of the country, in the last year of the B.Sc (Hons.) Computer Applications and MCA courses is the major force behind this unparalleled placement hub of the university. There are plethora of companies which visit the department every year for the recruitment of the students, like TCS, ThoughtWorks, Infosys, IBM, JK Technosoft, HCL, Info system, NIC, Wipro Technologies, Bharti Telesoft and many more.

LIST OF STUDENTS WHO HAVE BEEN GRANTED Ph.D. DEGREE

S.No.	Name of Student	Supervisor	Ph. D. Topic
1	Mr. Faheem Syeed Masood	Prof. M.U. Bokhari	“Comparative Analysis and Design of Stream cipher”
2	Ms. Sadaf Ahmad	Prof. M.U. Bokhari	“Designing Multi Agent system for Sinter active E- Learning”
3	Mr. Shadab Ahmad	Prof. M.U. Bokhari	“Cryptanalysis and Design of synchronous Stream cipher”
4	Mr. Shams Tabrez Siddiqui	Prof. M.U. Bokhari	“Comparative study and design of software Requirement Tools for secure software”development”
5	Mr. Hatem Salem Abu Hammatta	Prof. M.U. Bokhari	“Adaptive intrusion Deletion system for Wireless Mobile Ad Hoc Network”
6	Md. Firoj Ali	Dr. R.Z. Khan	The Study of Load Balancing Strategies for the Distributed Computing System”
7	Mr. Javed Ali	Dr. R.Z. Khan	“Student on task partitioning strategies in distributed System”
8	Ms. Noor Adnan Ibraheem	Dr. R.Z. Khan	“Gesture Recognition for Hand-Image Postures”

LIST OF STUDENTS CURRENTLY PURSUING Ph.D.

S.No.	Name of Student	Supervisor	Ph. D. Topic
1	Mr. Hassan Faisal Hamood Aldheleai	Prof. M. U. Bokhari	Planning and Developing an E-Learning System for Yemen Environment
2	Mr. Yahya Kord Tamandani	Prof. M. U. Bokhari	Performance Analysis & Design of Ronting Algorithms for WSN, w.r.t. power consumption & overall network performance
3	Mohd. Kashif Adhami	Prof. M. U. Bokhari	Effectiveness of Web Based News Search Systems
4	Mr. Qahtan Makki Shallal	Prof. M. U. Bokhari	Security Issues and Solutions at Different Layers of Cloud Computing
5	Mr. Md. Ashraf Siddiqui	Prof. M. U. Bokhari	Reducing Maintenance Cost and Effort of Object Oriented Software – A Design Time Approach
6	Mr. Mayank Srivastava	Prof. M. U. Bokhari	Forensic Analysis and Information Security Techniques for Multimedia Information
7	Mr. Rizwan Alam	Prof. M. U. Bokhari	Design of Adaptive Feedback Based Multidimensional E-Learning Framework
8	Mr. Shabbir Hasan	Prof. M. U. Bokhari	Analysis And Design of Lightweight Stream Cipher
9	Mr. Faraz Hasan	Prof. M. U. Bokhari	“Adaptive Multimodal Information Retrieval Using Unsupervised Learning”
10	Mr. Nazir Ahmad	Prof. Jamshed Siddiqui	Issue and Challenge of IT/IS Adoption in Indian SMEs: Performance through Agility
11	Mr. Shahab Saquib Sohail	Prof. Jamshed Siddiqui	Feature Analysis and Recommendation for Online Shopping using Web Mining Techniques
12	Ms. Suby Khanam	Prof. Jamshed Siddiqui	Implementation of TQM using IT/IS in Indian Organizations
13	Mr. Zaki Ahmad Khan	Prof. Jamshed Siddiqui	Performance Evaluation of Multiprocessor Server Architectures for Informatics Applications
14	Mr. Haider Khalaf Jabbar	Dr. R.Z. Khan	Development of Expert System-Using Artificial Intelligent Neural Network
15	Ms. Atena Shiranzaei Ghalehno	Dr. R. Z. Khan	‘Studies on IPv6 Security’
16	Mr. Md. Oqail Ahmad	Dr. R. Z. Khan	The Study On Load Balancing in Cloud Computing System
17	Mr. Ausaf Ahmad	Dr. Tamanna Siddiqui	“Mining Software Repositories For Software Metrics”
18	Mr. Parvej Alam	Dr. Tamanna Siddiqui	Designing Effective Framework For Short Text Clustering
19	Mr. Riaz Ahmad	Dr. Tamanna Siddiqui	Designing An Effective Testing Framework For Cloud Application
20	Mr. Mohammad Alkadri	Dr. Tamanna Siddiqui	Using Progressive Analytics on Big Data in the Cloud

SELECTION PROCEDURE OF MCA

Eligibility: B. Tech. / B. Arch. / B.E. with 55% marks in aggregate

OR

The candidate must have obtained Bachelor Degree in Science from a recognised University with 55% marks in aggregate and must have studied Mathematics along with any two of the following subjects - Statistics, Physics, Chemistry or Computer Science/Application.

Must have studied Physics and Mathematics in the Senior Secondary School Certificate or its equivalent Course.

Pattern of Entrance Exam

Total: 100 questions including 50 questions of Mathematics and Statistics Graduation and (10+2) level, 20 questions of Physics, 20 questions of Computer Science and 10 questions of Logical ability, deductive ability and reasoning.

Questions: Multiple Choices Only

Duration: 2 hours

Exam Syllabus

Physics:

Mechanics, Electricity and Magnetism, Electronics, Optics and Electromagnetic Theory

Mathematics:

Vector Analysis and Geometry, Calculus, Numerical Analysis, Differential Equations, Algebra, Advanced Calculus

Statistics:

Probability Theory, Descriptive Statistics, Sample Surveys and Design of Experiment, Statistical Inference

Computer Science:

Fundamentals of Computers and Problem solving, Business Data Processing, Data Structure and Structured Programming, Systems Programming and Operating System

No. of Seats: 60

No. of students appeared in the entrance examination (approx.) : 3000-3500

MCA COURSE CURRICULUM

MCA First Semester

- Fundamentals of Information Technology
- Programming & Problem Solving using C
- Analysis and Design of Information Systems (Structured Approach)
- Digital Logic and Computer Organization
- Numerical and Statistical Methods
- Laboratory Course I

MCA Third Semester

- Operating Systems
- Visual Programming
- Advanced Database Management System
- Artificial Intelligence
- Microprocessors: Architecture and Applications
- Laboratory Course III

MCA Fifth Semester

- TCP/IP Programming
- E-commerce
- Software Engineering
- Optimization Techniques
- Accounting and Financial Management
- Laboratory Course V

MCA Second Semester

- Algorithms and Data Structures using C++
- Object Oriented Programming using Java
- Analysis and Design of Information Systems (Object Oriented Approach)
- Database Management System
- Discrete Mathematics
- Laboratory Course II

MCA Fourth Semester

- Data Communication and Computer Networks
- Internet and Web Technologies
- Compiler Construction
- Linux and Shell Programming
- Computer Graphics
- Laboratory Course IV

MCA Sixth Semester

- The Final Year Dissertation Project
- Project Presentations and VIVA

Faculty Members

Faculty, Department of Computer Science (From Left To Right) : Mr. Md. Saquib Alam, Mr. Sunil Kumar Sharma, Mr. Imshad Ahmad Khan, Ms. Sajida Khatoon, Dr. Tamanna Siddiqui (Training & Placement Officer), Ms. Sehba Masood, Mr. Arman Rasool Faridi, Mr. Suhel Mustajab, Dr. Rafiqul Zaman Khan, Prof. Mohammad Ubaidullah Bokhari (Chairman), Prof. Jamshed Siddiqui, Mr. Shahid Masood, Mr. Saliesh Maheshwari, Mr. Faisal Anwer, Mr. Md. Naved Iqbal

PROF. MOHAMMAD UBAIDULLAH BOKHARI

Qualifications: Ph.D.

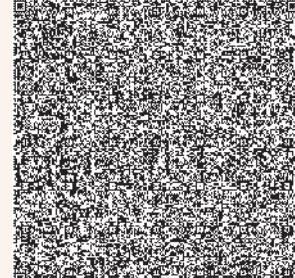

Designation: Professor

Thrust Area: Software Reliability, Security and Cryptography, Software Engineering, Database Management System, E-Learning

Experience: 26 Years

Mobile: 0571-2704023

Email: mubokhari.cs@amu.ac.in/ mubokhari@gmail.com

PROF. JAMSHED SIDDIQUI

Qualifications: M.C.A., Ph.D.

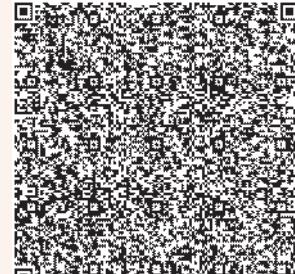

Designation: Professor

Thrust Area: Information Systems, MIS, Data Mining, Parallel Computing

Experience: 24 Years

Mobile: 0571-2700777

Email: jamshed_faiza@rediffmail.com

**MR. SALIESH MAHESHWARI**

Qualifications: M.Sc., P.G.D.C.S.

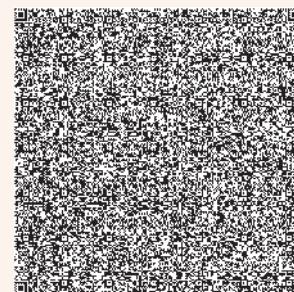

Designation: Associate Professor

Thrust Area: Computer Organization, Operating system, Compiler System

Experience: 36 Years

Mobile: 0571-2411403

Email: smamucs@gmail.com

**MS. PRITI BALA**

Qualifications: M.Sc., M.C.A.

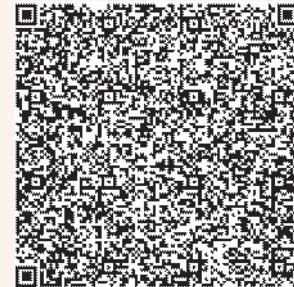

Designation: Associate Professor

Thrust Area: Software Engineering,
Information Technology, Web Technologies

Experience: 27 Years

Mobile: 09412733322

Email: pritibala2001@yahoo.com/ pritibala2007@gmail.com

**MR. SUHEL MUSTAJAB**

Qualifications: B.Sc Engg (Electrical), MCA

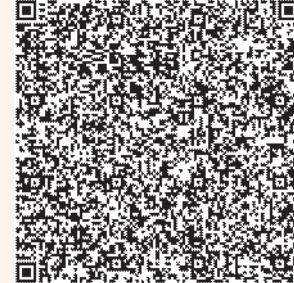

Designation: Associate Professor

Thrust Area: Neural Networks, Image Processing, Android Programming

Experience: 25 Years

Mobile: 09411488786

Email: s.mustajab.cs@amu.ac.in/ cst01sm@gmail.com

**DR. AASIM ZAFAR**

Qualifications: Ph.D., M.Sc., M.C.A., B.Ed.

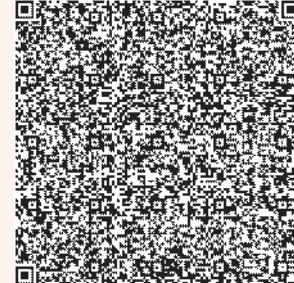

Designation: Associate Professor

Thrust Area: Virtual Learning Environment (VLE), MANETs

Experience: 20 Years

Mobile: 09319098461

Email: aasimzafar@gmail.com

**MR. SHAHID MASOOD**

Qualifications: M.C.A.

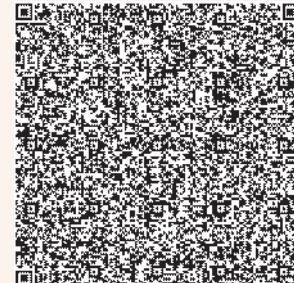

Designation: Associate Professor

Thrust Area: Data structures, Computer programming and
Information Technology

Experience: 20 Years

Mobile: 09358211019

Email: smasood.cs@amu.ac.in/ smasood.amu@gmail.com

**DR. RAFIQUL ZAMAN KHAN**

Qualifications: M.Sc., M.C.A., Ph.D.

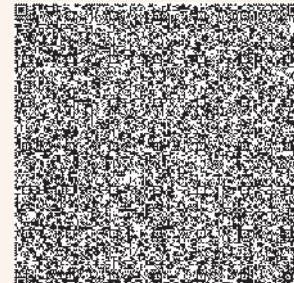

Designation: Associate Professor

Thrust Area: Parallel Distributed Computing, Expert Systems,
Gesture Recognition and Computer Security.

Experience: 21 Years

Mobile: 09557104757

Email: rzkhan.cs@amu.ac.in/ rzk32@yahoo.co.in

COMPUTER LAB

The Department of Computer Science is equipped with the state-of-the-art computing systems and the computing facilities are available for almost 12 hours a day in the labs. The Department maintains its own LAN which is connected to the campus-wide network through fibre to the Computer Centre Labs.

The **Advanced Computing Laboratory (ACL)** is equipped with 60 PCs and is used to impart programming exercises in C, C++, Java, Visual Basic, etc.

The **General Computing Laboratory (GCL)** is also equipped with 60 PCs and is used for general purpose computing. Specialized software packages like SPSS, MATLAB, etc are available along with fast internet connection.

The Communication **Laboratory** is primarily used for advanced network programming. This lab is equipped with Linux server and about 20 terminals.

Class Room

Smart Class Room

An interactive session on
Global Infrastructure Services by
Mr.Tarun and Mr. Farhan from
Wipro Technologies.

EXTRA-CURRICULAR ACTIVITIES

An interactive session on “Foreign Education” was organized by Training and Placement Office (General) and Training and Placement Office, Department of Computer Science

Placement drive of NEC Technologies

Placement drive of Wipro Technologies

A workshop was conducted by DUCAT on ANDROID

➤The **AMU Firefox Club** was founded in January 2014 by a group of students of the Department of Computer Science, AMU. It was ranked First in the world in a competition by generating maximum number of downloads of Mozilla Firefox browser for the month of January, 2013 through their Campus Affiliate Button.

2014/02/13

The club won special prizes for the said achievement. The club has also been actively involved in organizing several workshops and seminars for training and development on Mozilla's project including Application development for Mozilla Mobile Operating System.
